## How do I know this program is a good fit for our company?

Our leaders' demographic includes talented, high-potential, high-performing female leaders of all backgrounds in STEM fields, financial services, and Fortune 500 companies. Our program supports the leadership development goals of mid-level to senior-level female leaders and those in a C-suite track. The best fit includes leaders committed to engaging actively in group coaching and discussions, online leadership training modules, and workbook exercises and willing to share resources and contribute to their peers throughout the program. Everyone in the cohort of up to 10 leaders will be ready to do the same for each other and provide the support your female leaders need to make progress consistently.

## What is the tuition investment in the Women's Fearless Leadership Mastermind?

Our virtual program bundle offers over \$35,000 in value, but that is not what you will invest! Your leaders will benefit from a scalable group tuition investment based on how many leaders participate. Let's set up a brief call to explore your leaders' unique leadership development needs and goals. Please [click here to access our calendar](#), scan the QR code, or email [info@executivebound.com](mailto:info@executivebound.com) directly.

## How do we register our leaders and save our seats?

After connecting with Dr. Ginny Baro and understanding your objectives and training requirements, we will work with your designated contact to enroll your leaders in the program. Each new cohort hosts up to ten female leaders only to provide each member with the best training experience. Together, we'll review the logistics and set up to start ASAP. Throughout the process, you can always email us with specific questions at [info@executivebound.com](mailto:info@executivebound.com).

## How long does the program run?

The Women's Fearless Leadership Mastermind includes two key timeframes, the first six months and the last six months. During the first six months, we meet 12 times every 2 weeks for one-hour mastermind sessions and provide group coaching, private coaching, and on-demand, mobile-friendly online leadership training on our secure learning portal. The last six months include one-hour monthly check-ins, including group coaching and accountability from all female peers in the cohort. This solution supports our members' development for 12 months in total. This approach ensures they have a soft landing as they experiment with new behavior patterns over time and practice the new tools they've acquired. They develop the proper guardrails to handle setbacks and accelerate their growth. All members earn lifetime membership to our private ExecutiveBound community to stay in momentum implementing short- and long-term goals.

## How do leaders join the 1-hour bi-weekly, virtual live training Mastermind Circles and monthly check-ins?

Every two weeks for the first six months, we meet virtually for one hour over Zoom (on the same day and time each session) for 12 sessions (excluding U.S. holidays). Once your leaders register, they will receive a calendar invitation for the bi-weekly Mastermind Circles. Our weekly training prompt emails help them stay on track and engaged with the online leadership training. Before the end of the first six months, they'll receive an invitation to join the monthly Visionary Leaders Circle sessions, including one-hour check-ins and group coaching in a supportive, high-energy environment (on the same day and time each month).

## When do members receive the training materials?

After registering, program members receive a welcome email with access to their private resources page on our website, [Executivebound.com](http://Executivebound.com), providing instructions on how to join the members' only secure learning portal and private community. All training materials--personalized Workbook, learning modules, videos, transcripts, and community--are mobile-friendly and accessible on-demand, 24/7, from anywhere with internet connectivity.

## What will be the time commitment throughout the 12 months?

This program was designed with busy, high-performing female leaders in mind. We guide our members to plan and prioritize their leadership development effectively while considering all professional and personal obligations from day one. For the first six months, the commitment is approximately 30.5 hours, including 12 bi-weekly, one-hr Mastermind Circles, 4 hours of private VIP coaching, engaging with the 14.5 hours of on-demand leadership training modules, in addition to working on the tools and exercises, which vary from leader to leader. On average, leaders should expect to invest under one hour per week to work on the self-reflection tools—they set the pace. After the first six months, they'll commit one hour per month or 6 hours for monthly check-ins. They will have the option to seek additional support as needed--included in the investment.

## What if a leader can't make a group coaching session and Q&A, will there be a replay?

We know our leaders may not be able to make every bi-weekly Mastermind Circle or monthly check-in. We anticipate that every member will strive to attend. However, cohort members can access replays from our private archives when they can't make it. In between sessions, they can submit questions to [info@executivebound.com](mailto:info@executivebound.com) and receive the support they need to keep moving forward.
